

Warren School Song, circa 1985

(sung to: This Land is Our Land)

Chorus

This school is your school
This school is my school
From the East side desert
To the West side desert
From the big tall flag pole
To the long hard jogging track
Warren School was made for you and me

As I was walking
through open hallways
I saw above me
the endless skyways
I saw below me
the fragrant flowers
Warren School was made for you and me

Chorus

We learn and listen
And follow directions
To prepare our minds for
The endless future
As tasks get harder
Our brains get smarter
Warren School was made for you and me

Chorus
