## NATIONAL COUNSELOR'S WEEK

The first week of February every year is National Counselor's Week. I want to formally thank Ms. B (Erica DePenna Burnison) for all her hard work and support she gives our Warren students and Families.

## VIRTUAL LEARNING AT HOME

As we continue this virtual journey together, we would like to put out a few reminders to families. Students need a quiet area for themselves to study and work. Using science fair boards could help separate children in the house. Headphones could be a lifesaver for some students. If you need supplies, please let us know. The following are things to think about when helping your student succeed at home.

- **Log on early**- School starts at 7:45 am, have students start logging on by 7:40 am
- **Regular School Day**- 7:45-1:55 pm or 12:55 on Wednesdays, try and make this day as normal as possible, *including uniform top*
- **Eating during class**- eat snacks during breaks and lunch.
- **Appropriate background**- please check the background of the students and make sure it is appropriate.
- **Distractions**- Try to keep all distractions to a minimum while live zoom meetings are happening.
- **Language**- During live zooms, the language in the background needs to be school appropriate.
